ENERGY SAVING SURVEY

BHESCO are a non-profit energy co-op who are here to make heating your home more affordable this winter.

We are offering local residents free home energy saving surveys designed to:

- ✓ Reduce draughts and heat loss
- ✓ Save money on monthly bills
- ✓ Take control of your energy use
- ✓ Identify financial support

STAY WARM & WELL THIS WINTER

Switch energy supplier

Customers on standard tariffs could save up to £300 a year! Try visiting www.uswitch.com

Change your old lightbulbs for energy saving LEDs

These use 90% less electricity than traditional bulbs

Insulate and draughtproof your home

Seals and strips are affordable, easy to fit, and can make your home much warmer

Warm Home Discount

To find out if you're eligible for £140 credit towards your bill call your supplier or BHESCo for help

Control your heating

Use a thermostat to keep your home at 18°C and set timer controls for hot water

Register for Priority Services

Households with a vulnerability can access services including meter reading and extra help in a power cut

Give Regular Meter Readings

Avoid a shock bill by giving regular readings. If this is difficult, contact your supplier about a smart meter

Use appliances efficiently

Turn lights off when not in use and avoid stand-by with TVs, microwaves, etc. Boil only what you need in your kettle

IMPROVE WARMTH AND COMFORT IN YOUR HOME

Call to book your free energy survey
